

LED BULB E Series

Modell Model	Leistung Power	Lumen Lumen	Verdunklung DIM	Produktgröße Product size	Lampensockel Base
LPQP20ELED-01	• 20W	1670LM	N	∅82X145mm	E27
LPQP40ELED-01	• 40W	3650LM	N	∅120X212mm	E27
LPQP50ELED-01	• 50W	4850LM	N	∅138X255mm	E27

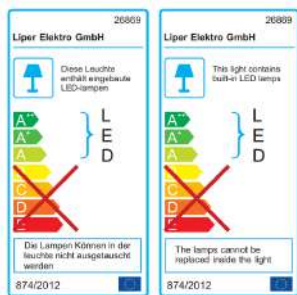

LED BULB E Series

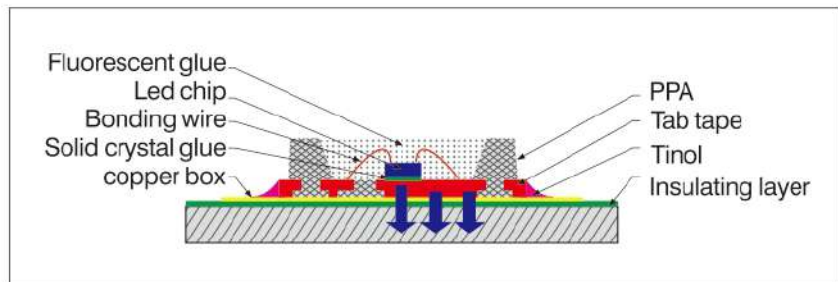

Product Overview

Energy efficiency class	A+
PF	>0.5
CCT(K)	3000/4000/6500K
CRI(Ra)	>80
Voltage (V)	220-240 V
Frequency(Hz)	50/60
Lifespan (hrs)	20,000 hrs
Working Temperature (C)	-15 - 50 C
Storage Temperature (C)	-15 - 50 C

Energy Label

SMD breakdown drawing

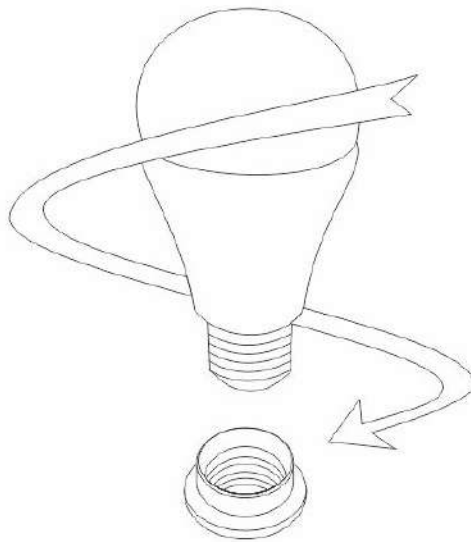

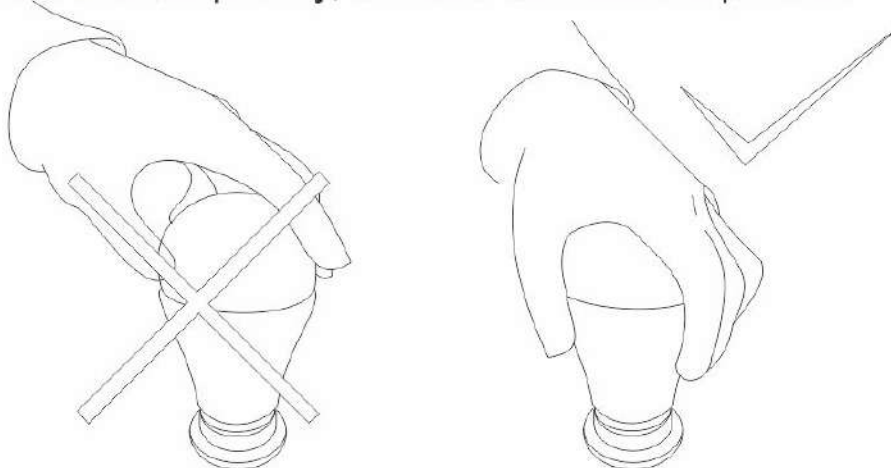

LED BULB E Series

1 cut off the power supply before replacing the led bulb. In order to prevent the electric shock or burn out, pls check the led bulb and lamp holder is match or not, then screwing in the base clockwise

2 tighten or take down the lamp bulb, pls use the finger rotate the lamp body, do not touch the lamp cover

3. turn on the power supply after installation
